GREEN CAMPUS POLICY

MNR College of Pharmacy is an integrated part of MNR campus which is spread over 130 acres and houses nine constituent colleges. MNR campus is a Green campus where environmental friendly practices and education are combined to promote sustainable and eco-friendly practices. The MNR green campus offers an opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind.

Mission: To create a clean, green and a pollution free environment which provides a pristine backdrop for an effective learning experience and to actively involve in the activities to protect the planet earth from the unscrupulous human invasions for a sustainable, pollution-free and healthy life ahead.

Objectives to the go green: We believe that greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. The administration of the Institute believes that everyone has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of MNR College of Pharmacy will work, may he/she be a student, faculty and support staff to foster a culture of self-sustainability and make the entire campus environmental friendly.
