PROGRAMME REPORT

Name of the Programme: One-week online Faculty development Program on Teaching and Learning with ICT Tools: Issues and Challenges.

Date: 28/11/2023 to 02/12/2023.

Details of the Resource Person

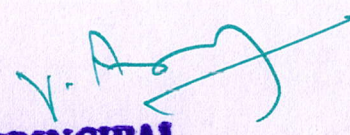

- Name: Dr. T Tamilanban
 - Designation: Associate Professor
 - Department of Pharmacology
 - Organisation: SRM College of Pharmacy, Chennai.
 - Email Id: tamilant@srmist.edu.in
 - Contact Number: 9094048485
-
- Name: Dr G Parimala Devi
 - Designation: Associate Professor & HOD
 - Department of Pharmacognosy
 - Organisation: Pulla Reddy Institute of Pharmacy, Dundigal
 - Email Id: ganthala.devi@gmail.com
 - Contact Number: 9948776753
-
- Name: Dr K Sunil Kumar
 - Designation: Associate Professor
 - Organisation: College of Pharmaceutical Sciences,
 - Dayananda Sagar University, Bengaluru.
 - Email Id: sunilkumar-sps@dsu.edu.in
 - Contact Number: 9032584891

- Name: Dr Averineni Ravi Kumar
 - Designation: Professor
 - Department of Pharmacognosy
 - Organisation: Nimra College of Pharmacy, Vijayawada
 - Email Id: aravikumar13@gmail.com
 - Contact Number: 9849413904
-
- Name: Dr Sutharson L
 - Designation: Professor & Principal
 - Organisation: Nirmala College of Health Science, Chalakudy, Thrissur.

 - Contact Number: 9746012400

Objectives: MNR College of Pharmacy had Successfully organized One-week online Faculty development Program on Teaching and Learning with ICT Tools: Issues and Challenges. As Part of Core of education, alongside reading, writing and numeracy UNESCO aims to ensure that all countries have access to the best educational facilities necessary to prepare young people to play full roles in modern society and to contribute to a knowledge nation. In any educational system the level of available resources places a restriction on the degree to which any new subject can be introduced into the curriculum, especially where only the most basic facilities have so far been provided. But ICT is of such importance to the future industrial and health of the country that investment in the teacher, education, and support services for effective delivery of curriculum. Information and communication are defined as the combination of informatics technology with other related technologies, specifically communication technology. Teaching and learning are best thought of, not as separate and independent activities, but rather as two sides of the same coin, interconnected and interrelated.

Topics covered:

- Need for and Importance of ICT in Education
- Features of Digital Classroom
- ICT enabled classroom challenges and approaches
- Critical and Creative Thinking.
- Teaching and Learning

PRINCIPAL
MNR COLLEGE OF PHARMACY

- Learning Modes
- Student centered ICT Tools
- ICT enabled tools in pharmacy institutions
- How to use ICT tools in the classroom
- E-Learning Apps

Outcome of the Programme:

All the faculty members conveyed that the programme was extremely helpful the information related to the topics was given, they expressed the heartfelt thanks to all the resource persons for enlightening them with informative sessions. This is useful for achieving the aim of focusing the role of various ICT tools in classrooms, self-learning, and research.

On day one 28/11/2023 resource person Dr T Tamilanban, Associate Professor, SRM College of Pharmacy, Chennai enlightened the participants about various ICT-Tools available and importance of ICT in Education. And explained about the features of digital classroom along with advantages, disadvantages, and the key issues to important of ICT Tools. And gave information about e-learning apps which can be used in learning and tools utilized for research works and data bases for various references. He also explained how to use ICT Tools in the classrooms.

The screenshot shows a Zoom meeting in progress. The top bar displays the meeting title 'Zoom Meeting' and the names of participants: Preethy, Dr. Ravi Kumar V., and Dr. Naga Raju K. The main content area shows a presentation slide titled 'E-Learning' with five points:

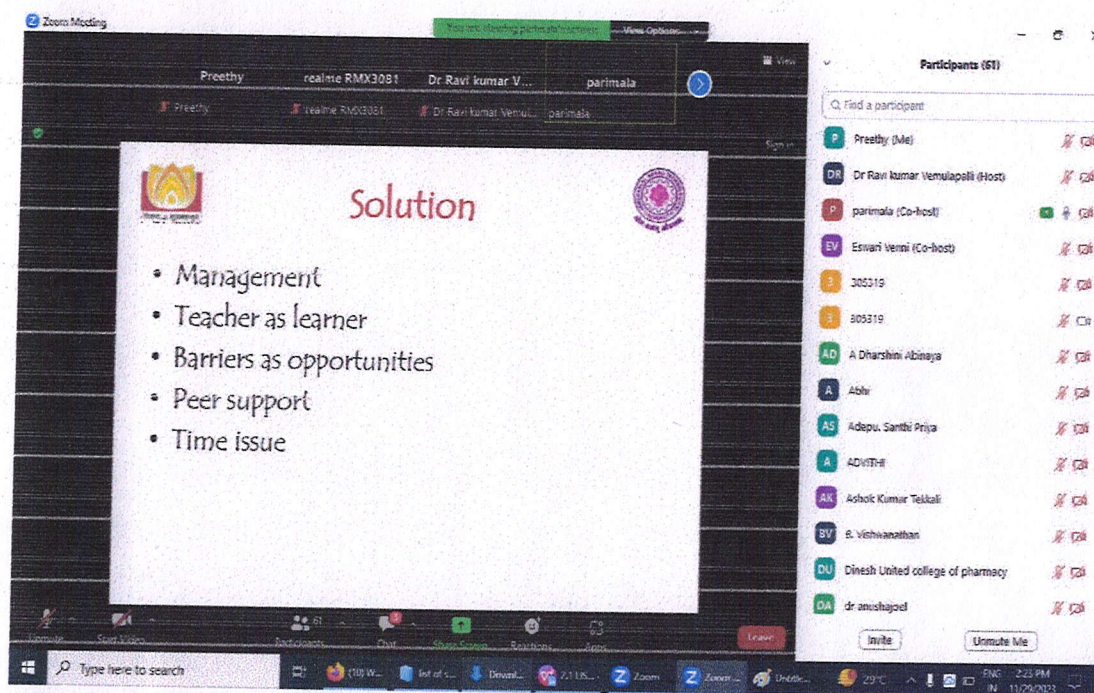

- 1.SWAYAM:** <https://onlinecourses.swayam2.ac.in/> SWAYAM has been developed cooperatively by MHRD (Ministry of Human Resource Development) and AICTE (All India Council for Technical Education) with the help of Microsoft and is equipped for facilitating 2,000 courses. The platform offers free access to everyone and hosts courses from class 9 till post-graduation. It helps the students to access the courses taught by professors and faculty of centrally funded institutes like IITs, IIMs, IISERs, etc.
- 2.ERP system:** The College is utilizing ERP system developed by HPTU. It provides individual portals to students and teachers to access notifications, information, attendance, examination forms and updating of internal and external marks of the students by individual subject teacher.
- 3.e-ShodhSindhu:** <https://e-shodhsindhu.ac.in/> It provides current as well as archival access to more than 15,000 core and peer-reviewed journals and a number of bibliographic, citation and factual databases in different disciplines from a large number of publishers and aggregators to its member institutions including centrally-funded technical institutions, universities and colleges.
- 4.Shodhganga:** <https://shodhganga.inflibnet.ac.in/> It is a digital repository platform of 2,60,000 Indian Electronic Theses and Dissertations for research students to deposit their Ph.D. theses and make it available to the entire scholarly community in open access.
- 5.National Digital Library:** <https://net.sangam.ac.in/> It is a digital repository of a vast amount of academic content in different formats and provides interface support for leading Indian languages for all academic levels including researchers and life-long learners, all disciplines, all popular form of access devices and differently-abled learners.

On the right side, there is a 'Participants (52)' list showing names and status icons. At the bottom, there is a search bar and a taskbar with various application icons.

ABOUT THE COLLEGE

MNR College of Pharmacy at Sangareddy, one-hour drive away from hi-tech city, is one among the 78 top grade institutions run across the globe by MNR Educational Trust. The trust was formed in 1974 by Sri. M. N. Raju with the noble aim to shape the student into proud citizen of this great nation, laying emphasis on honing their intake skill and addressing their psychological and spiritual needs. Sri. M. S. Ravi Varma the dynamic Vice-chairman of this trust adds a perfect blend of modern approaches required to achieve the goal. The college possess state of the art laboratories providing the best platform for training the students to become a scientist, industrial or community pharmacist. The trust entered MOU with various industries in and around Hyderabad, as well as with foreign universities to have students and faculty exchange programme, combined research activities and e-lectures. As the institution is in a campus of 120 acres area which consists of medical educational complex with 680 bedded multi-specialty hospitals, the students receive unmatched clinical experiences.

COORDINATOR

Dr. P. Subhash Chandra Bose
Professor, MNR College of Pharmacy

For Whom

The FDP is designed for teachers and researchers working in universities, colleges, professional institutes and training centers of industrial organizations. It is especially suited for educators seeking to strengthen their understanding of as well as gain exposure to advanced topics, learn and experiment with effective techniques and gain familiarity with essential aspects.

Certification

Registered candidates will get the certificate of participation. Award of the certificate is subject to the participant meeting the necessary attendance required and satisfactory performance in the FDP.

About the Programme

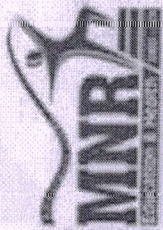

It is a one week Faculty Development Program. This Program aims at enhancing the academic and intellectual environment in the institution by providing faculty members with enough opportunities for learning new Technology and understanding ICT and mastering the basic skills and concepts of ICT.

OBJECTIVES OF PROGRAMMES

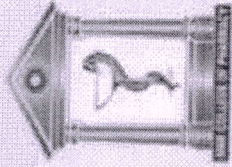

As Part of Core of education, alongside reading, writing and numeracy, UNESCO aims to ensure that all countries have access to the best educational facilities necessary to prepare young people to play full roles in modern society and to contribute to a knowledge nation. In any educational system the level of available resources places a restriction on the degree to which any new subject can be introduced into the curriculum, especially where only the most basic facilities have so far been provided. ICT is of such importance to the future industrial and health of the country that investment in the teacher, education and support services for effective delivery of curriculum. Information and communication is denied as the combination of informatics technology with other related technologies, specifically communication technology. Teaching and learning are best thought of, not as separate and independent activities, but rather as two sides of the same coin, interconnected and interrelated.

Report of Training Session for Non-Teaching Faculty on “Computer Based Documentation”

Professional development program was conducted at the MNR College of Pharmacy on 15/02/2024 for Non-Teaching Faculty of MNR College of Pharmacy on “Computer Based Documentation”.

The major objective of the program is to knowledge and train the non-Teaching faculty regarding usage of computer and document preparation. The resource persons, Dr. Vishakha S Kulkarni, Professor, Department of Pharmacognosy has explained about the role and importance of using technology in administration and in laboratories to maintain various documents. She has explained importance of gaining proper knowledge on various documentation tools like Microsoft word, excel and PowerPoint. She has enlightened the participants about the consequences for not preparing the document in proper format. The resource person has demonstrated preparation of document in right format and explained different ways for safe storage and precautions to be taken to avoid any type of unwanted or misuse of data by others. All the non-teaching faculty have observed and learned the need for learning computer-based documentation. All the non-teaching faculty learned and practiced the preparation of various documents and expressed happiness and thanked the management for providing the opportunity for learning various skills and helping them for uplifting their skills for ensuring the good working conditions.
