ACTION TAKEN REPORT ON INSTITUTIONAL FEEDBACK ACADEMIC YEAR 2023-24

Feedback was collected by the Internal Quality Assurance Cell to evaluate the facilities and infrastructure of the institution, analyze the deficiencies and implement improvements in the institutional facilities.

The feedback was taken from key institutional stakeholders - students, parents, alumni, teachers and non-teaching staff.

No specific suggestions were given by parents, alumni and non-teaching staff. The stakeholders were satisfied with the facilities of the institution.

Student Feedback:

The students rated the facilities and infrastructure as excellent and very good in a five point scale. Upon observing the scale marked by students, it was understood that students expect better facilities in computers and library. Due to the rural location of the institution, the students are hailing from rural areas and villages. For many students, this institution is the sole source for self development and academic advancements. They expect more support from the office staff.

S No	SUGGESTION FROM FEEDBACK	ACTION TAKEN
1	Improvement in computer facilities	faculty has been advised to dispatch all the existing facilities more efficiently to undergraduate students and strengthen their computer skills. Communication skills program will be strengthened.
2	Improvement in library facilities	Books will be purchased by the library. as per the need assessed by subject teachers.
3	Improvement in support by office staff	Administrative program held for non-teaching and office staff will be streamlined to educate them in how they can offer support to students.

Teachers

1	Some advanced topics related to AI should be included	Faculty development program and add on courses can be directed to include topics of artificial intelligence. Suitable resource persons shall be identified and the teaching faculty shall be educated in this aspect.

Facilities Feedback Analysis Report for the Academic Year 2023-2024

Objectives of the feedback:

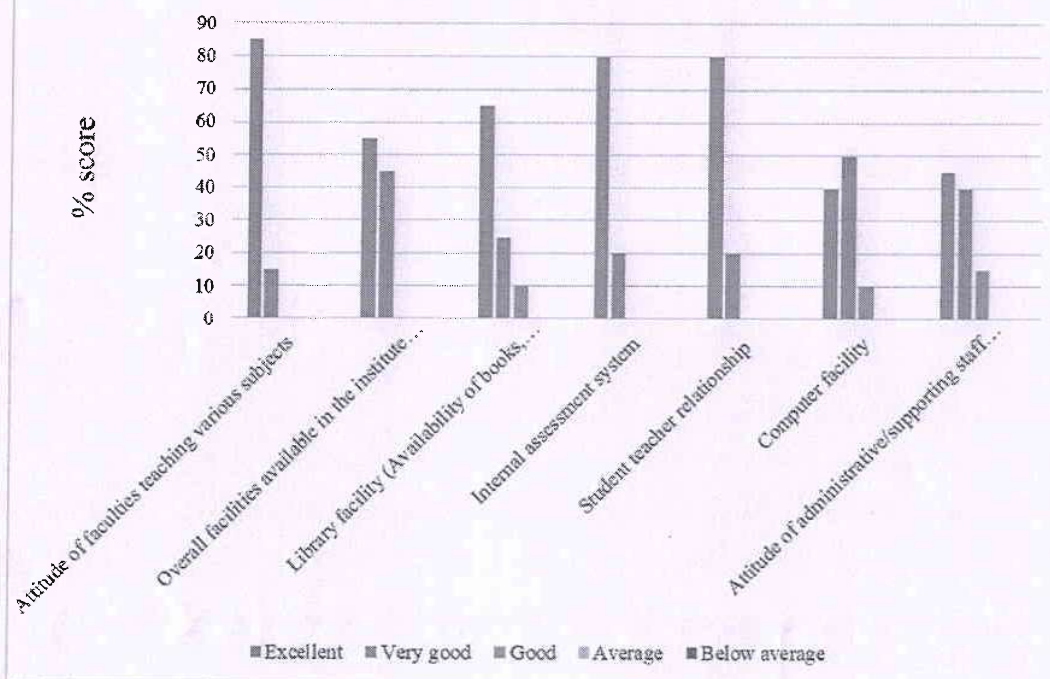

The Institution aims to facilitate ambient learning environment for the holistic development of students. To inspire students to develop their capabilities, the institution provides academic, co-curricular and extra-curricular support. The stakeholders i.e., students, teachers, non-teaching faculty, alumni and parents play a significant role in the assessment and growth of the institution. Hence the institution collects feedback from all the stakeholders to assess its facilities and implement improvements as needed.

1. STUDENT FEEDBACK

The student feedback on facilities is designed to get feedback from students which can be used for the improvement of the quality of the institutional facilities. The data is analysed and their suggestions are considered for implementation.

STUDENT FEEDBACK (% Score)						
S. No.	Particulars	Excellent	Very Good	Good	Average	Below Average
1	Attitude of faculties teaching various subjects	85	15	0	0	0
2	Overall facilities available in the institute (Internet, Classrooms, ambience)	55	45	0	0	0
3	Library facility (Availability of books, journals, library hours, sitting arrangement)	65	25	10	0	0
4	Internal assessment system	80	20	0	0	0
5	Student teacher relationship	80	20	0	0	0
6	Computer facility	40	50	10	0	0
7	Attitude of administrative/ supporting staff (Office, Laboratory assistants, Peons)	45	40	15	0	0

STUDENT FEEDBACK 2023-24

2. ALUMNI FEEDBACK:

By engaging alumni, an institution can continue to benefit from their skills and experience. The feedback collected from alumni is helpful to the institution for making policies, planning for various activities, and enhancing steps towards the learning environment. The data is analyzed and their suggestions are considered for possible implementation.

ALUMNI FEEDBACK (% Score)						
S. No.	Particulars	Excellent	Very Good	Good	Average	Below Average
1	The way concepts were explained are useful for my career	60	20	20	0	0
2	Exposure to practicals/ instruments is helpful for my career	0	100	0	0	0
3	Overall personality development	60	20	20	0	0
4	Motivation to participate in the extracurricular activities is going to help me work in a team	20	80	0	0	0
5	Knowledge of pharmacy profession gained to serve the society	40	40	0	0	0
6	Efforts on communication skills	40	60	0	0	0

3. TEACHERS FEEDBACK

Teachers play the most important role in the execution and development of the curriculum. Hence collecting and analyzing the feedback from the faculty on the curriculum is of utmost significance for the growth of the institution.

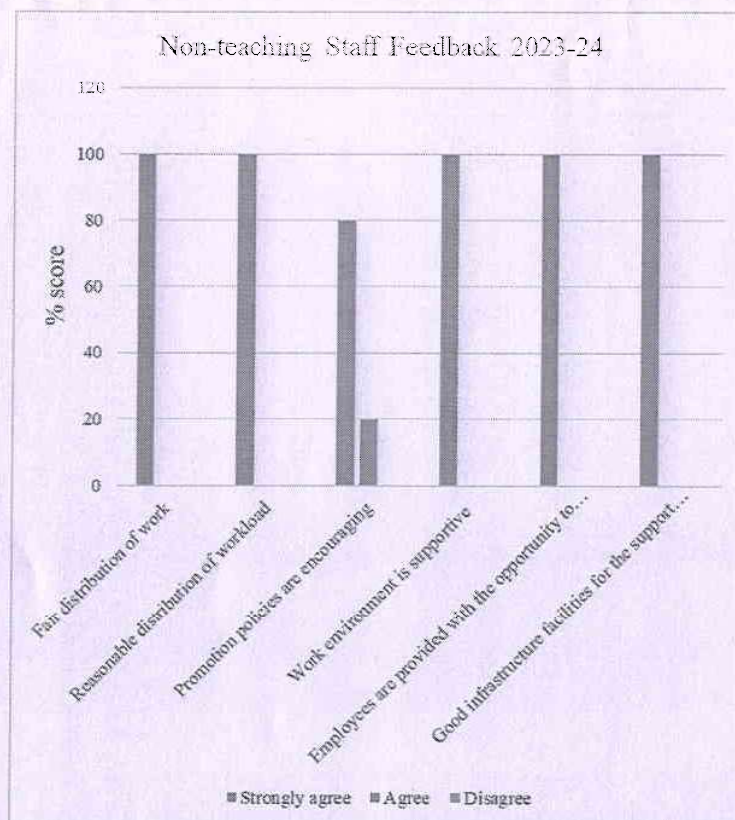

TEACHERS FEEDBACK (% Score)						
S. No.	Particulars	Excellent	Very Good	Good	Average	Below Average
1	Syllabus	80	20	0	0	0
2	Freedom given to contribute to curricular and extracurricular activities	80	20	0	0	0
3	Ability of the institute to attract meritorious students	100	0	0	0	0
4	Availability of student centered learning resources	80	0	20	0	0
5	Activities for updating knowledge of faculties	100	0	0	0	0

4. NON-TEACHING STAFF FEEDBACK

Non teaching / support staff also play a key role in engaging the students in the academic activities, especially in the practical classes. Their opinion about the administration and facilities of the institution is very important in enhancing the quality of the institution.

NON-TEACHING STAFF FEEDBACK (% Score)				
S. No.	Particulars	Strongly agree	Agree	Disagree
1	Fair distribution of work	100	0	0
2	Reasonable distribution of workload	100	0	0
3	Promotion policies are encouraging	80	20	0
4	Work environment is supportive	100	0	0
5	Employees are provided with the opportunity to contribute in the process development	100	0	0
6	Good infrastructure facilities for the support staff	100	0	0
